**NOTE: ALL RESIDENTIAL PARCELS ARE LIMITED TO ONE ELECTRICAL SERVICE**

Electrical work shall not be undertaken until an electrical permit has been filed with Bruce Township. All installations shall be in conformance with the Current Electrical Code.

No work shall be concealed until it has been inspected and approved.

Section 23a of the State Construction Code Act of 1972, Act No. 230 of the Public Acts of 1972, being Section 125.1523a of the Michigan Compiled Laws, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of Section 23a are subject to civil fines.

### HOMEOWNERS AFFIDAVIT

I hereby certify the electrical work described on this permit application shall be installed by myself in my own single-family dwelling in which I am living or about to occupy. All work shall be installed in accordance with the State Electrical Code and shall not be enclosed, covered up, or put into operation until it has been inspected and APPROVED by the Bruce Township Electrical Inspector. I will cooperate with the Township Electrical Inspector and assume the responsibility to arrange for necessary inspections.

All permits will expire and become null and void if work is not started within 180 days, or if work is suspended or abandoned for a period of 180 days after work has commenced.

A re-inspection fee of \$40.00 due before a reinspection will be scheduled.

Inspection requests are required to be made prior to 3pm for the following business day.

If using a Lock Box, the number must be provided each time ANY inspection is requested.
