Attention: Bruce Township Municipal Great Lakes Water Users:

BOIL WATER ALERT FOR CUSTOMERS IN BRUCE TOWNSHIP DUE TO LOW WATER PRESSURE:

Great Lakes Water has experienced a water main break on one of their transmission mains, water customer residents may have little to no water. We are advising residents to boil water prior to use until further notice.

We currently do not have an estimated time as to when water will be restored back to normal. We will pass on updates once they become available. This does not affect residents served by well water.

We will post any updates as we get them on the Bruce Townships web site and Facebook Page as well as any neighborhood Facebook page.

Thank You for Your Cooperation,
